***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 1 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1, line 11 recites the limitation "the current value constant" in line 11.

There is insufficient antecedent basis for this limitation in the claim.

***Allowable Subject Matter***

2. Claim 1 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

3. The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the allowability in combination with the other claimed features is because nowhere in the prior art is there a solenoid driver circuit having a constant-current control portion for maintaining the current value constant during operation by controlling a solenoid driving voltage according to the calculated resistance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
